## NEWS BRIEFS FROM ALL OVER THE WORLD

A Glance Reveals What is Being Done From  
One End of the Earth to the Other.

After four months of enforced idleness, the saloons of Wichita, Kan., are again running on the wide-open plan. Beer can be obtained at a large number of resorts, and whisky is also served. The "wets" are happy and predict that good times have returned to stay.

An army of mechanics is working day and night on Edward H. Harriman's summer home at Arden, Orange County, N. Y., to have part of it ready for occupancy when he returns from Europe next week. The residence surmounts the top of Tower Hill, which commands a view for miles around.

The ancient wooden lock of the gate to the Holy Sepulcher in the city of Jerusalem is now in New York, in the home of James Creelman, a magazine writer, to whom it was presented by Faydi Effendi, mayor of Jerusalem, because of the writer's investigation of the internal religious troubles in Turkey.

Two monkeys defied the efforts of three Chicago policemen to dislodge them from the seat of a hand organ grinder's wagon Wednesday afternoon after their aged master, Tony Condry, and his wife had been injured by being thrown from the vehicle in a runaway accident. With their clothes torn and their faces scratched, the

bluecoats were forced to retire in disorder.

A few days ago John A. Smith and Alonzo Wells, residents of Fordsville, near Owensboro Ky., were killed in a sawmill accident in Tennessee. Their bodies were shipped to Owensboro for burial. At Memphis, for some reason the undertaker opened the coffins, and in replacing the lids made a mistake, the name plate of Wells' being put on Smith's coffin and Smith's name on Wells'.

The address delivered by Professor Charles W. Elliot before the Harvard Summer school of Theology on the religion of the future has been translated by the Pope's order into Italian, that he might more thoroughly comprehend it. The translation which was most accurately done, was read with great care by his holiness, who expressed profound regret that a man of such authority and culture as Dr. Elliot should spread theories that, he said, are not, in fact, the basis of a new religion of the future, but a negation of the faith and principles which are the foundation of Christianity and modern civilization.

Col. E. H. R. Green is now figuring on buying an airship. He is tired of playing with railroads and automobiles and wants to go higher.

## YOU CAN'T GET IT IN SANTONE

Lid On So Tight Must Give Sunday  
School Nickle on Saturday.

Special to the Eagle.

San Antonio, Texas, Aug. 20.—After next Sunday it will be impossible to buy a loaf of bread, a cut of meat or groceries of any description in San Antonio on Sunday.

Butchers today announced they would close next Sunday and the bakers will follow. The saloons were first forced to close and the drygoods and groceries followed.

### BUSINESS MOVED.

Hensarling Bros. have moved their feed store from the Harrison building on the east side near the court house to the Coulter building on Bryan street in the rear of the First National bank, formerly occupied by Buchanan's market. They make the change because the new location has a track immediately in front of the building and is much more convenient for unloading and handling their feeds of various kinds. They ask their friends and the public to keep in mind the change in location, and to call on them at their new place when in need of anything in the feed line.

### METHODIST CHURCH TEA.

Ladies of the Methodist church will serve ice cream and cake at residence of Mrs. E. J. Jenkins, Friday from 5 to 8 p. m.

## NOTHING CHANGED BUT THE RATE

For This Reason New Tariff Law  
Works as Slick as Grease.

Special to the Eagle.

Washington, Aug. 20.—The new tariff law has gone into operation with surprising smoothness according to Assistant Secretary of the Treasury Reynolds.

"We expected to be overrun with questions, many of them silly," said Mr. Reynolds, yesterday, "but the number of inquiries coming to us each day has been little more than we had under the Dingley law."

The smoothness experienced in the operation of the new law is ascribed by the assistant secretary to the bill having been passed by a republican congress. The phraseology is much the same as under the old law only the rates have been changed. Thus the operation is rendered easier for the collectors.

### A NEGRO SHOOTING SCAPE.

George White and Charley Dixon, both colored, became involved in a difficulty out on the Navesota river in the Kurten bottom yesterday and Dixon was shot by White. The weapon used was a double barreled shot gun and 27 shot took effect in Dixon's body. The shot were small however, and he is not very badly hurt. White was arrested by Deputy C. A. Buchanan and brought to town and placed under an appearance bond for his examining trial, which is set for next Monday.

We offer to our customers every advantage consistent with conservative methods and the most courteous treatment is extended to those who desire Banking facilities.

### LOST BUT WON.

After a Hot Contest of Every Inch of  
Ground Score Stood Harvey 7,  
B. A. C. 6.

The Harvey baseball team crossed bats with the B. A. C. Tuesday afternoon on the latter's ground to untie the tie of Aug. 10th, which was 5 to 5, after 12 innings. There was some very fast and snappy playing of both teams but in the third inning B. A. C. took advantage of bunched hits and wakening of Harvey's team and pressed six men across the plate.

Though with odds against them the Harvey boys determined to win at the beginning of the fourth inning, and with Rains in the box and Ferguson behind the bat and well supported by the fielders, the rapid and unerring fire began. He proved to be too much for B. A. C., pitching a no hit game.

Never was the home plate in danger from the third inning on to the close of the game, while the Harvey boys were constantly gaining until the eighth inning it stood 5 to 6. Mawhinney was put in the box with the hope of making a shut out. With Ferguson on third in trying to catch him third was overthrown tying the score. Buchanan hit, stole second, advanced to third and a line drive

through first brought in the winning score, 7 to 6.

Batteries—Harvey: Pate, Rains, Ferguson. B. A. C.: Mawhinney, Vesmirovsky.

Cheer up B. A. C. the worst is yet to come.

### OWLS 5, B. A. C. 2.

A Rattling Good Game by Home Talent Yesterday Afternoon.

At the West Side Park yesterday afternoon the Owl Club and Bryan Athletic Club played a highly interesting game of ball.

B. A. C. took the lead by scoring two in the second inning and the score remained two to nothing till the sixth inning when with three men on bases Dawson of the Owls slammed out a clean two bagger bringing in two men. Two more runs were made in this inning making the score four to two. B. A. C. failed to score again, while the Owls made one more in the seventh. The game was called in the eighth inning on account of darkness with the Owls at the bat.

Quite a nice crowd witnessed the game and every one pronounced it a fast snappy game full of good steady playing.

Batteries, Owls—Collins, Sanders; B. A. C.—Mawhinney and Vesmirovsky. Umpire—C. E. Boyett.
